Now General Cronje Is Treated at St. Helena.

British Officials Have Great Respect for the Famous Boer Commander.

NEW YORK Sept. 3.—The British steamship Masconomo, which has just arrived from South Africa, touched at St. Helena for repairs. Captain Mann was permitted to visit the Boer prisoners on the island. He rode up the five miles of winding road to the top of Rupert Hill in Deadwood Plain, where he found the prison pen of General Cronje's 2,000 men. The Boer captives are confined within a barbed wire enclosure a quarter of a mile square. Twelve feet from the fence on all sides is a second trench like the first. It is death for a Boer private to cross the line of the inner pen. One Boer was shot by a sentinel for doing this. The British soldier was then tried and acquitted by a court martial.

While the British soldiers sleep thirteen in a tent, said Captain Mann, the Boers sleep only ten men to a tent. In order to afford them all the room possible, the British have allowed the Boers to cut bamboos for shacks. These bamboo frames the Boers have ingeniously covered with canvas and with slabs of tin. The tin they obtained in a curious way. There were on the island a great many paraffin cans, which the Boers carefully flattened out for the inside and roofs to their shacks.

Some of the prisoners are permitted to work for the farmers in the island and earn a little money. There were many men 70 years old, and just as many 15, 16 and 17.

"The officers with whom I conversed speak both Dutch and English. The privates seemed rather a stupid lot. They have the same fare as the British soldiers."

"I conversed with Colonel Schiel, the German officer who fought with the Boers. He was very cantankerous still."

"Commandant Rose, the Boer officer who captured Winston Churchill, told me that he thought the game was up and his people ought to stop fighting."

"The Boer officers are allowed to do pretty much as they please and their names are posted in the St. Helena Club. The British officers entertain them at afternoon teas, and General Cronje is practically the steady guest of the governor."

"A cable now runs to the island from South Africa and the bulletins from the seat of war are frequently struck off and sold to the prisoners at a penny apiece."

"A Dutch ship anchored while I was there, but was requested to leave and did so. The British were afraid some of the Boers would get away on their cousin's ship."

Battle Ship Oregon Is at Shanghai.

Feeling of Relief On Part of Foreign Residents Over American Vessel's Arrival.

Washington, Sept. 6.—The arrival of the Oregon off Shanghai brings the famous battleship into position to take part in operations for the solution of the Chinese problem and for the effective protection of American interests for the first time since she ran on the rocks near Chefoo, more than two months ago. From Captain Wilde's dispatch, it is understood by the officials of the Navy Department that he seized the opportunity to telegraph his safe passage across the Yellow sea from Kure to the Yang-tse while waiting for a favorable tide which would permit a ship of the Oregon's deep draught to cross the bar and reach the neighborhood of the Woo Sung forts, where the New Orleans and the Princeton have been representing the United States for several weeks.

The advent of the Oregon, with her powerful battery and formidable armor protection, will remove much of the danger to foreign interests which has been due to continued Chinese occupation of these dreaded fortifications, which could close the river to all unarmored vessels hurrying to rescue foreigners in Shanghai in case rioting should begin in that city.

No orders were issued by the Navy Department for the despatch of the Oregon to Shanghai and her sudden appearance on the scene is attributed to the wishes of Admiral Remy, who has full authority for the disposition of the vessels of his fleet to meet all possible emergencies.

THEY ARE NOT TAXED.

No Stamps Required On Fraternal Insurance Policies.

WASHINGTON, Sept. 6.—The commissioner of internal revenue some days ago received a letter from the representative of the National Fraternal Congress, then in session in Boston, inquiring whether or not any decision affecting the taxation of policies or certificates issued by fraternal insurance societies had been issued during August last. Since then a large number of inquiries have been received to the same effect from all parts of the country. To these inquiries the commissioner has replied as follows:

"No ruling has been made during August or recently affecting the taxation of policies or certificates of life insurance issued by fraternal or beneficiary societies, such as the Ancient Order of United Workmen and kindred organizations. The office has always ruled that such organizations were exempt under the law and does not contemplate imposing any taxation on their policies or certificates."

Her many friends will regret to hear that the health of Mrs. Robert Lewers is not improving, and by the advice of her physician she will spend a season in New York. She will probably not return to Honolulu for a year to come.

The Pacific Hardware Company yesterday moved from the Castle & Cooke store house at King and Beret streets to the main store on Fort street. Castle & Cooke will fit up their building for offices, for which it is advantageously located.

Mr. and Mrs. John Ena returned from the coast in the China yesterday. Mr. Ena has been resting and undergoing treatment at his seaside home in Long Beach and returns very much improved in health, a fact that is quite apparent to his friends.

Phil B. Dankey, a well-known California newspaper circulator, arrived in Honolulu on the China yesterday. He has come over to take charge of the circulation of The Republican. An accomplished all-round newspaper man, Mr. Dankey is, however, an expert in the distributing department of newspapers and will at once remodel that of The Republican. He is commended to the confidence of all Republican subscribers, whose acquaintance he will make personally.

Theodore Richards, who went east to visit his mother and other relatives at Mt. Clair, N. J., returned home yesterday on the China. While away he engaged an instructor for the Bay's Brigade school which was built on the Oahu Railroad company's land. John Waldron is the name of the new instructor, and he was formerly employed at Moody's school at Mt. Hermon, Mass. Mr. Waldron will arrive within the course of a month and work will be resumed in the school immediately following his arrival.

RETURN OF A. J. COATS.

Resumes His Position As Physical Instructor of the Y. M. C. A.

One of the passengers on the China was A. J. Coats, the physical instructor of the Y. M. C. A. Mr. Coats has been spending some time in the east, where he attended the regular summer school at Lake Geneva, Wisconsin.

Mr. Coats now has in mind a large field day which he hopes to bring off about the middle of October. Nothing definite has been done up to this time.

While away Mr. Coats secured the new foot ball and basket ball rules. But few changes were made in them. He thinks that the Honolulu tennis players compare favorably with the best players of the mainland though the local people are not, of course, up to the standard of the experts.

Few women care for the hair as they should. When the hair begins to come out they are alarmed. It would be much better if they give it more attention when it is in a healthy condition. The first requisite in the care of the hair is a GOOD TONIC. Just the kind we keep. Our Hair Tonic will kill dandruff. Stop the hair from falling out. Cure itching of the scalp. Make the hair soft and glossy. It keeps the hair and scalp in a healthy condition. Try a bottle and give it a trial.
